Who we are?
MTSCO established in 2006, during many years’ development, now becomes a large and professional industrial piping system provider, serving customers from more than 100 countries and regions.

SINCE2006
100 more than 100 countries and regions

What products can we provide?

**MTsales**
Seamless Pipe
ISO9001, TS, PED

**MTcylinder**
Forged Fitting&Flange
ISO9001, TS, PED

**MTvalve**
Casting Pipe Fitting & Ball Valve

**MTtubing**
Bright Annealed Tube
Polish Tube

**MTpipex**
Super Long Coiled Tubing
ISO9001, A516, CCS, BV, DNV, GL, KR, LR

**MTssx**
Duplex Steel Tube
ISO9001, PED, AD2000, GOST

**MTtubex**
Welded Tube&Pipe
ISO9001, TS, PED, ASME, API

**ERAUM**
ALLOY OF PIPE&TUBE, FITTING, FLANGE
ISO9001, PED

Why you choose MTSCO?

1. **Saving costs by full production** makes our price competitive.
2. **Good quality products** are derived from profession and focus.
3. **Good service** is the soul of our enterprise.
4. **Choosing only one partner in one district** makes us No.1 together.

What our vision and mission are?

**Vision**
To become the most reliable industrial metal supplier in the world.

Concentrate on partners’ needs, keep creating higher value.

**Value**
Progress, Passion, Cooperation, Share, Sincerity, Gratitude.

What materials can we provide?

**Austenitic**
304/LH/N, 316/LH/N/Ti, 321/H, 309/H, 310S, 347/H, 317L, 904L

**Duplex Steel**
31803, 32205, 32750, 32760.

**Nickel Alloy**
**Alloy:** UNS N10001, N10665, N10675, N06022, N06455, N06635, N10276, N06200, N06055, N06030, N06002, N10003, N06230, R30556, R30556
**Alloy:** 600, 601, 625, 718, 617, 690, X750, N08020, Alloy 800/800H/800HT, 825, 926, 925, 4J36/INVAR36
**Alloy:** Alloy 400/UNS N04400, Alloy K500/UNS N05500
**Precipitation-hardening Steels:** 254SMO/S31254, 17-4PH, 17-7PH, 15-7PH
**Nickel:** N4/UNS N02201, N6/UNS N02200

How can we service our customers?

With rich experience in export metal products, MTSCO is more than a manufacturer. We are a partner you can trust for our safety and reliability.

**Quality:** All our cooperative manufacturers have quality system certificates (ISO) to ensure the quality of products. There are also testing equipment for Ultrasonic, Eddy current, Hydro, PT, X-ray, Tensile Test......

**QC Team:** Under the premise of factory quality assurance, we have a professional QC team with well-trained knowledge. We can ensure the products are 100% inspected before delivery. If necessary, we can accept the third party inspect.

**One-stop service of pipeline system:** We can supply eight categories of main products, covering Stainless Steel/ Duplex Steel/ Nickel Alloy seamless/ welded pipe & tube, Fittings, Flanges Valves and also Coiled tubing.
